***

Elica, Italian company standing at the forefront of cooking appliance production and design, a global leader in kitchen extraction systems with over 50 years of history. European major player in the production of electric motors for household appliances and heating boilers. 2,600 staff employed in its Fabriano headquarters and in its seven production sites in Italy, Poland, Mexico and China: these are Elica's figures, successfully achieved under the constant guidance of the company President Francesco Casoli. Results driven by corporate values that have always inspired every single project, product and activity: design that meets aesthetics and performance for an extraordinary cooking experience, art destined as a model for creative processes and working methods, and innovation to support technological solutions capable of enhancing product functionality.
